

EXHIBIT T- GROWER/GROVE MANAGER

FOR THE MOVEMENT OF BULK CITRUS OR OTHER ASIAN CITRUS PSYLLID HOST BULK FRUIT WITH STEMS AND LEAVES FROM TREATED GROVES IN A RESTRICTED AREA

Establishment agrees to the following:

1. Citrus Fruit

All **citrus fruit in bulk containers or bins** and all **citrus fruit with stems and leaves attached** are considered hosts or possible carriers of Asian citrus psyllid (ACP) and must not leave the ACP restricted area(s). A map of the current restricted area(s) is available online at:
http://www.cdfa.ca.gov/plant/PE/InteriorExclusion/acp_restrictedareas.html.

2. Harvesting Equipment

Harvesting equipment (including containers, barrels, bins, etc.) used for harvesting and hauling/transporting citrus or other ACP host fruit must be free of leaf and stem debris and free from all life stages of ACP prior to leaving the ACP restricted area.

3. Moving Citrus Fruit from Treated Groves out of a Restricted Area

Citrus Fruit in Bulk Containers or Bins and **Any Citrus Fruit with Stems and Leaves Attached** produced in **groves treated in a manner approved by the ACP project** may move to approved destinations outside the ACP restricted area under the terms of this compliance agreement and exhibit.

In Order to Move Citrus Fruit in Bulk Containers or Bins and Any Citrus Fruit with Stems and Leaves Attached produced in **treated groves** out of the restricted area, all of the following must occur:

- a. **For each citrus grove to be harvested**, provide the following information to the ACP Project:
 - i. ACP Compliance Agreement Number of grower/grove manager
 - ii. Operator Identification/Permit Number
 - iii. Site Identification of grove(s)
 - iv. Expected dates of harvest for each grove (from first harvest to final harvest for each grove for each season)
- b. **Treat** each grove with a product approved by the ACP Project at approved application rates. A current list of ACP Project approved products and rates is available online at:
<http://phpps.cdfa.ca.gov/PE/InteriorExclusion/pdf/bulkcitruspreharvesttreatments.pdf>.
- c. **Harvest and ship** citrus fruit to an approved packer/processor/receiver within seven days after the reentry interval of treatment application.
- d. Each shipment must be accompanied by a “**Treatment Verification Form**” available online at:
<http://phpps.cdfa.ca.gov/PE/InteriorExclusion/pdf/TreatmentVerificationForm.pdf>. Complete the “**Treatment Verification Form**” after every application for ACP and provide to approved packers/processors/receivers outside the ACP restricted area upon delivery of every shipment.
- e. **Deliver shipments of Citrus Fruit in Bulk Containers or Bins and Any Citrus Fruit with Stems and Leaves Attached** to packers/processors/receivers under compliance with QC Master Permit 1255.
- f. **Shipments of Citrus Fruit in Bulk Containers or Bins and Any Citrus Fruit with Stems and Leaves Attached** must be hauled/transported by haulers/transporters under compliance.

Establishments operating under compliance can be verified online at:
http://www.cdfa.ca.gov/phpps/pe/interiorexclusion/acp_quarantine.html

4. Green Waste Disposal

All green waste, including leaf and stem debris, must be disposed of in accordance with the ACP Project, local County Agricultural Commissioner, under QC Master Permit 1289 or other ACP Project approved manner.

EXHIBIT T-GROWER/GROVE MANAGER

5. Trapping and Inspection

Allow agricultural officials to inspect the premises to ensure compliance with this agreement, obtain and review records of all shipments destined to locations outside the ACP restricted area and place and service traps for the detection of ACP.

6. Records

Maintain records of all ACP host shipments leaving the restricted area and make records available to agriculture inspectors immediately upon request.

7. Training

Ensure all employees receive training to be compliant with all specifications of this compliance agreement exhibit.
